- 1. Would KYMEA consider Physical energy-only or Financial energy-only products at Indiana Hub for the RFP tenure?** *Yes, KYMEA will consider physical/financial energy-only products at Indiana Hub for the RFP tenure. There is specific language from LG&E/KU's Transmission Service and Scheduling Business Practices dated December 29,2022, as it relates to liquidated damages and network resources:*

3.4.3.2 Power Purchase Agreements Power purchase agreements designated as Network Resources that include Liquidated Damages (LD) provisions may only contain LD provisions that are of the "make whole" type. The "make whole" LD clauses must require the seller to pay the full cost of replacement power. Power purchase agreements containing LD provisions that provide penalties of a fixed amount, that are capped at a fixed amount, or that otherwise do not require the seller to pay an aggrieved buyer the full cost of replacing interrupted power, are not acceptable as DNRs.
